This Is For Personal Use ONLY!

Hi,

I just want to thank you again for purchasing this package. You've made the right decision.

What You've Received:

MiniSite Template

- MiniSite Header [JPG/GIF/PSD]
- Matching Footer [JPG/GIF/PSD]
- Order Button [JPG/GIF]
- Guaranteed Seals [JPG/GIF]
- Bullet Points, Check Marks and Arrows [JPG/GIF]
- HTML Files: Index

=====

What you need to do:

Customize your MiniSite Templates.

- Open index.html in your favorite html editor (like MS FrontPage) and change all the Meta tags <title>, <description> and <keyword> this is very important for page optimization.

- Put your own content on the page and use the graphics like bullet points, check marks, and arrows and so on.

- Save the files after the changes.

-And when everything is done, FTP all the Files/Folder to your Server/Root Directory Note: Upload the whole images folder (**Warning:** Please You Make Sure That You Don't Overwrite Your Existing File)

BTW

If you need FTP software, please check <http://www.smartftp.com> "It's **FREE**" If you need a html editor, please check <http://nvu.com> This is a complete Web Authoring System for Linux Desktop users as well as Microsoft Windows and Macintosh users to rival programs like FrontPage and DreamWeaver. And it's FREE.

Again, if you need any support with your minisite package, feel free to open a ticket at <http://www.alberthallado.com/HelpDesk.html> For the **Support Department**. We will get back to you ASAP.

Thank You Very Much For Purchasing Our Product.

God Bless You!
